

Henry and Henrietta now know how to double. Can you help them solve the following double so that you can show them how good you are at doubling? Use resources/items to help you solve these.

$$\text{Double } 2 =$$

$$\text{Double } 6 =$$

$$\text{Double } 4 =$$

$$\text{Double } 7 =$$

$$\text{Double } 10 =$$

$$\text{Double } 14 =$$

$$\text{Double } 20 =$$

### **Super challenge:**

$$\text{Double } 50 =$$

Focus on formation of numerals
