I can give / explain the meaning of words in context

Can check that the book makes sense to them, discussing their understanding and exploring the meaning of words in context **some** of the time.

**1. Find the word in the text that has the following meaning:**

- a. to see, watch, perceive, or notice
- b. achieved or maintained by careful and deliberate effort.

**2. Identify any other words in the text you do not understand and find a definition in the dictionary or use the Internet to help you.**
